In loving memory of Anna Marie Dodd who passed away March 22, 1951. Anna attended school in this district for over nine years.

May this page bring many cherished memories to friends and classmates who mourn her passing.

I cannot say, and I will not say
That she is dead, she is just away.
With a cheery smile, and a wave of the hand,
She has wandered into an unseen land,
And left us dreaming how very fair
It must be since she lingers there,
And you, oh you who the while dost yearn
For the old time step and the glad return,
Think of her faring on, as dear,
In the love of there, as the love of here;
Think of her still as the same, I say,
She is not dead, she is just away.

Mr. Salisbury has faithfully served this school system, in which he has taught music for the past eighteen years.

He taught music at Milan, Elk, and Chattaroy before the district was consolidated and has taught at Riverside since the school was built in 1936.

Many of his pupils have taken musical instruction from him during their entire school career.

Thanks, Mr. Salisbury, for all your patience and cooperation, and the many pleasing musical programs at the games, concerts, and the county music festivals and contests.

PROPHECY

As we cruised along slowly at 30,000 mph in our atomic powered rocket ship in 1976 on our way to the reunion of the class of 1951 at Milan, Washington, which now has a population of 210,000, we saw the rocket ship of our class president, Quentin Ratliff, landing too.

On our way to the city hall where the reunion was to be held, Quentin told us of his success in taking over the Spike Jones orchestra.

Why, there's Roland Cook! Since leaving high school, he studied law at Harvard and is now one of Washington's senators. He also owns the Cook Contract Co.

As we entered the town hall we ran into Barbara Grimes who is now making rockets to fly to Mars.

Bud Roberts stopped to talk to us as we started for our table. He told us of his famous discovery, "Roberts' Figure Flattery Formula".

Gordon Foster, in charge of the banquet, owns the "Snappy-Snazy-Snack-Bar", but he has not as yet mastered the art of carrying a tray in each hand and at the same time keep his feet from entangling one about the other.

Ilene Portwood now owns the famous PPPFP (Portwood's Practical Pushunder Funeral Parlor). Ilene says business is rather dead at present.

Dorian Lehmbecker is the owner and manager of the "Walk In, Carry out Bar".

Doris Jean Gephart is now singing on television shows and her partner is Dale Beck.

Walt Krahn now owns the "Krahn Crying Crib Company" at Newport. He has plenty of use for it himself with his twins.

Evelyn Liljegren owns a resort and flying school in Forest Lake, Minnesota.

Carlos Allen is now owner of the "Flying Sirloin", his 20,000 acre ranch in Texas, where he and Darlene are busy raising five little cowboys.

Agnes Handegard told us of her experiences in the Union of South Africa where she had spent two years as foreign minister. She has had an exciting time as foreign minister trying to control the natives.

Bob Bruhl is now a general in the army, he is in charge of all the wacs. He reports the work is very interesting.

Miriam Griffith has progressed nicely. She is now Superintendent of Nurses at St. Luke's Hospital.

Douglas Arnold has retired as an Admiral in the USN to his home town where he has married a home town girl and is raising a navy of his own.

Here are Lila Thompson and Jim Van Matre, who are now married and own the Sky Line Inn in Wisconsin. Their specialty is atomic cheeseburgers.

Dolores Pratt now owns the "DDD". Dolores' Dainty Diddy." Dolores is, of course, married and has two children in high school.

Jeanne Dunbar was discovered by a talent scout and is now in Hollywood playing her clarinet at the "Brown Derby". She is featured in a song she wrote "Stop, I Can't Stand Anymore".

Faye Johnson is now the grandmother of two sets of twins. She has twelve children of her own, you know.

Marie Bruhl has earned the title of "World's Most Wanted Model" and her legs have replaced Betty Grable.

Howard Evans is nationally famous for his prize winning dairy herd.

Nodice Bainter has become famous for her special missionary work.

Nancy Ann Haile has the title of "The World's Fastest Comptometer Operator".

Tommy Warriner has invented a new type of car. The wheels are on the top, and you sit facing backward.

Darlean May gives a short speech on "How To Have A Happy Married Life". She is well qualified to speak on this subject, as she has had ten husbands.

As a closing number, June Hilliard, who owns the "Black Out Night Club" in Reno sang her theme song, "What Did I Do To Deserve This?"

FRESHMAN CLASS HISTORY

The freshmen began the year with thirty-three members. The first exciting highlight of the year was the initiation. It took place during the month of September. Costumes consisted of carrot necklaces, cardboard shoes, gunnysack dresses, and overalls worn backwards. An assembly was held in the gym and each member put on a skit or sang a song.

Among the activities in which many took part were chorus, football, basketball, majoretting, band and orchestra. Those taking part in band were Joan Casselman, Clara Forwood and Burton Thompson. Joan Casselman was also in orchestra.

For the concession at the carnival they had the Penny Pitch and Ball Swing. Carolyn Rhoads was chosen the class queen candidate for the carnival.
